TABLE OF CONTENTS**

- 1) All written comments received from the public for the current year and the prior two calendar years relating to the Bank's performance in helping to meet community credit needs and Bank responses.
- 2) CRA Performance Evaluation
- 3) A list of the Bank's branches, street addresses, hours of operations. Included in the list are branches opened and closed by the Bank during year and each of the prior two calendar years.
- 4) A list of Products, Services and Schedule of Fees.
- 5) The bank's branch maps assessment area and geographies.
- 6) Loan to deposit ratios for each quarter of the prior calendar year.
- 7) HMDA Disclosure Statement

Section 1 – CRA Public File – Notes

FDIC CRA Performance Evaluation Report dated May 12, 2025

Institution CRA Rating – Needs to Improve

- There have been no public comments for the current year related to the bank's performance in meeting the needs of the community. There have been no public comments within the prior 2 calendar years related to the bank's performance in meeting the needs of the community.
- The following is a summary of the bank's efforts to improve its overall record of helping to meet the credit needs of its assessment area to include low- and moderate-income neighborhoods in a manner consistent with the bank's resources and capabilities as depicted in the bank's CRA Action Plan.

Summary Scope Period: October 1 to December 31, 2025

- To increase loan origination for 1-4 family, reaching LMI neighborhoods and borrowers.
 - The bank has added 2 new lending brokers in order to purchase more CRA-qualified loans. NewRez LLC. and Amerihome, we are finalizing the due diligence process **(target date: 2/27/2026)**
- To originate CRA qualified loans reaching low-to-moderate income borrowers:
 1. The bank has signed an agreement with Experian for a new opportunity to obtain leads & mailing list for potential borrowers that would qualify for the 1st Time Home Buyer Program and the closing cost Grant that the bank will also implement. pending assembling few parts (PMI establishing grant for subsidizing closing costs). **(target date: end of QTR1 2026).**

NEW PMI established – target date 1/31/2026

Grant and new 1st Time Home Buyer program – 30 year fixed mortgages (target date: end of QTR1 2026).

- The bank continues to donate the redirection tax liability for student scholarships.
 1. Step UP Scholarship – grant of \$1.M was **disbursed December 2025.**
 2. AAA Scholarship – is a new partner for the bank. The bank has worked with this non-profit for years and made many donations. This year, 2026, the CRA Committee approved \$1M of redirection of the

banks tax liability. The bank will apply with the Dept. of Revenue and upon approval will disburse the funds to AAA Scholarship. **(target date QTR 2 2026).**

- The bank has revised the CRA Component to the banks website, to include pertinent information about The bank's mission, objectives and goals.
- The bank will be hiring (2) new lending officers to focus on both major assessment areas of the bank Specifically for Community Development Loans. (1) lender will have the entire South Florida Region- MSA 22744 & 33124 and (1) Lender will have the Central Florida Region – MSA 36740.
CRA Lending Officer for South Florida Region – **target date: 2/27/26.**
CRA Lending Officer for Central Florida Region – **target date: end of QTR 1 2026**
- The bank has engaged findCRA Consulting to conduct the following reviews, validation testing and analysis:
 - CRA Activities Validation and Omission Testing
 - Performance Review of CRA Program
 - Do a Peer Analysis**(Target Date: Qtr1 2026)**
- The 2026 CRA budget was increased by 75% to be able to add new partners for 2026, for servicing, volunteer events, financial literacy and donations.
- The following is a breakdown of CRA Services/Volunteer Events for 2025.
 - The CRA Department finished the year with 94 completed, 209.5 hours – volunteer hours 1,120 & 172 employees participation.
 - The bank is currently partnered with 21 non-profits, and our focus is to increase that by at least 25%.
 - Currently the bank has 5 employees that serve on the Board of non-profit organizations.
- The CRA Committee has approved – for the bank to partner with Habitat for Humanity of Miami-Dade To participate in the Community Contribution Tax Credit Program (CCTCP)
Deed of Improvement with net donation of \$25,000 - Tax credit of 50% of appraised value of the home
Appraised value (less site value): \$400,000 (based on recent appraisals)
Donation: \$225,000
Less FL State Tax credit: 200,000 (50% appraised value, less land value)
Net Donation: \$ 25,000
Target Date: end of QTR 1 2026

- As of 12/31/2025 CRA INVESTMENT SUMMARY**

CRA Investment Funds: Original Investment \$56.4M - Current balance \$54.2M

MDIs CD Investment: \$16.5M

Represents 7.71% of Cumulative CRA Investments to Average Total Securities

- As of 12/31/2025 Community Development Loans** - 2 loans originated totaling \$3.4M
Represents 0.17% of Cumulative Community Development Loans to Average Total Loans

- Small Business Loans originated - 65 loans totaling \$9.6M

INSTITUTION RATING

INSTITUTION'S CRA RATING: This institution is rated **Needs to Improve**.

An institution in this group needs to improve its overall record of helping to meet the credit needs of its assessment areas, including low- and moderate-income neighborhoods, in a manner consistent with its resources and capabilities.

PERFORMANCE LEVELS	PERFORMANCE TESTS		
	Lending Test*	Investment Test	Service Test
Outstanding			
High Satisfactory		X	
Low Satisfactory			X
Needs to Improve	X		
Substantial Noncompliance			
<i>* The Lending Test is weighted more heavily than the Investment and Service Tests when arriving at an overall rating.</i>			

The Lending Test is rated Needs to Improve.

- Lending levels reflect adequate responsiveness to assessment area credit needs.
- An adequate percentage of loans are made in the institution's assessment areas.
- The geographic distribution of loans reflects poor penetration throughout the assessment areas.
- The distribution of borrowers reflects poor penetration among retail customers of different income levels and business customers of different sizes.
- The institution makes little use of innovative or flexible lending practices in order to serve assessment area credit needs.
- The institution has made a low level of community development loans.

The Investment Test is rated High Satisfactory.

- The institution has a significant level of qualified community development investments and grants, particularly those that are not routinely provided by private investors.
- The institution exhibits good responsiveness to the credit and community development needs.
- The institution occasionally uses complex investments to support community development initiatives.

The Service Test is rated Low Satisfactory.

- Delivery systems are reasonably accessible to essentially all portions of the institution's assessment areas.
- To the extent changes have been made, the institution's opening and closing of branches has not adversely affected the accessibility of its delivery systems, particularly in low- and moderate-income geographies and/or to low- and moderate-income individuals.
- Services and business hours do not vary in a way that inconveniences portions of the assessment areas, particularly low- and moderate-income geographies and/or individuals.
- The institution provides an adequate level of community development services.

DESCRIPTION OF INSTITUTION

Banco do Brasil Americas (BBA) is a state non-member bank headquartered in Miami, Florida. The bank is a wholly-owned subsidiary of Banco do Brasil S.A., a foreign banking organization headquartered in Brasilia, Brazil. BBA received a “Needs to Improve” rating at the prior FDIC CRA Performance Evaluation, dated November 29, 2022, based on Intermediate Small Bank Examination Procedures. At that time, examiners rated the Lending Test “Satisfactory” and the Community Development Test “Needs to Improve.”

BBA continues to operate four full-service branches in Florida, including its main office and a branch in Miami-Dade County, one branch in Broward County, and one branch in Orange County. The bank has not opened or closed any branches since the prior CRA evaluation. However, BBA opened a loan production office (LPO) in a moderate-income census tract in Orange County in February 2025.

BBA’s primary business focus remains residential lending, with loans primarily originated to non-resident alien borrowers. Consumer loan products offered include 3/1 and 5/1 adjustable-rate mortgage loans, home equity lines of credit, personal loans, and credit cards. Commercial loan products offered include lines of credit, term loans, equipment loans, commercial real estate loans, and credit cards. Deposit products offered include checking, savings, money market, and certificates of deposit accounts. Alternative systems for delivering retail banking services include automated teller machines (ATM) at each branch, ATMs nationwide via Presto and Allpoint networks, online banking, mobile banking, mobile check deposit, and remittance transfers.

Examiners did not identify any financial, legal, or other impediments that affect the bank’s ability to meet the assessment areas’ credit needs. According to the March 31, 2025, Consolidated Reports of Condition and Income, BBA reported total assets of \$3.0 billion, total loans of \$1.8 billion, and total deposits of \$2.7 billion. The bank experienced considerable growth since the prior CRA evaluation, when total assets amounted to \$1.5 billion as of September 30, 2022. Notably, loans secured by 1-4 family properties increased from \$481.4 million to \$1.3 billion since the prior CRA evaluation, primarily due to increased mortgage broker activity. However, the loan portfolio distribution remains relatively unchanged. As illustrated in the following table, loans secured by one-to-four family residential properties continue to represent a significant majority of the loan portfolio followed by loans secured by nonfarm nonresidential properties.

Loan Portfolio Distribution as of 3/31/2025		
Loan Category	\$(000s)	%
Construction, Land Development, and Other Land Loans	20,290	1.1
Secured by Farmland	-	-
Secured by 1-4 Family Residential Properties	1,304,857	74.1
Secured by Multifamily (5 or more) Residential Properties	13,724	0.8
Secured by Nonfarm Nonresidential Properties	296,212	16.8
Total Real Estate Loans	1,635,083	92.8
Commercial and Industrial Loans	49,751	2.8
Agricultural Production and Other Loans to Farmers	-	-
Consumer Loans	61,017	3.5
Other Loans	15,382	0.9
Less: Unearned Income	-	-
Total Loans	1,761,233	100.0
<i>Source: Consolidated Reports of Condition and Income 3/31/2025</i>		

DESCRIPTION OF ASSESSMENT AREAS

The CRA requires each financial institution to define one or more assessment areas within which its performance will be evaluated. BBA operates with two delineated assessment areas. One assessment area includes all of Miami-Dade and Broward counties, which are part of the Miami-Fort Lauderdale-West Palm Beach, FL Metropolitan Statistical Area (MSA). A second assessment area includes all of Orange and Osceola counties, which are part of the Orlando-Kissimmee-Sanford, FL MSA. BBA added Osceola County to its Orlando-Kissimmee-Sanford, FL MSA assessment area since the prior CRA evaluation due to an increased level of lending in the respective county. Refer to the individual assessment areas for additional information.

SCOPE OF EVALUATION

General Information

This evaluation covers the period from the prior CRA evaluation dated November 29, 2022, to the current CRA evaluation dated May 12, 2025. Examiners used Interagency Large Bank Examination Procedures to evaluate BBA's performance. As described in the *Appendices*, these procedures include a Lending Test, Investment Test, and Service Test.

Examiners evaluated the bank's lending data, deposit activity, and number of branches for each assessment area to determine the review procedures and weighting of each area in the overall conclusions and ratings. Examiners used full-scope procedures to evaluate BBA's performance in both assessment areas due to a notable lending volume in each area. One of four bank offices is in the Orlando-Kissimmee-Sanford, FL MSA assessment area. However, this assessment area received considerably more weight in the overall conclusions and ratings since the significant majority of loans was originated in the Orlando-Kissimmee-Sanford, FL MSA assessment area during the evaluation period.

Activities Reviewed

This evaluation includes a review of the universe of loans reported pursuant to the Home Mortgage Disclosure Act (HMDA) and the CRA data collection requirements since the prior CRA evaluation. BBA was subject to the HMDA data collection requirements in 2023 and 2024 and became subject to the CRA data collection requirements in 2024. The bank originated or purchased 712 home mortgage loans totaling \$400.1 million in 2023 and 700 home mortgage loans totaling \$382.9 million in 2024. Examiners compared the bank's 2023 and 2024 home mortgage lending performance to 2020 U.S. Census data and 2023 and 2024 aggregate lending data, respectively. The bank originated 50 small business loans totaling \$7.8 million in 2024. Examiners compared the bank's 2024 small business lending performance to 2024 Dun & Bradstreet (D&B) business demographic data, as small business loan aggregate data for 2024 is not yet available.

BBA's major product line is home mortgage loans followed by commercial loans. In reaching this conclusion, examiners considered the bank's business strategy since the prior CRA evaluation, and the number and dollar volume of loans originated or purchased during the evaluation period. Therefore, home mortgage loans received considerably more weight in the overall conclusions for the Lending Test's Geographic Distribution and Borrower Profile criteria, as they constituted a greater number of loan originations during the evaluation period. No other loan type, such as small farm loans, represents a major product line and, therefore, is not included in the review.

Examiners reviewed information provided by bank management regarding community development loans, qualified investments, and community development services from November 29, 2022, through May 12, 2025. Qualified investments considered included new investments and donations, as well as investments purchased prior to the last CRA evaluation date and remaining outstanding as of the current CRA evaluation date. Additionally, examiners reviewed delivery systems for providing retail banking services, including branches and alternative delivery systems, and the impact of any branch openings and closings during the evaluation period. Further, examiners conducted a review of retail banking products and services targeted toward low- and moderate-income individuals or small businesses and/or tailored to meet specific needs within the assessment areas.

CONCLUSIONS ON PERFORMANCE CRITERIA

LENDING TEST

The Lending Test is rated Needs to Improve. Lending levels reflect adequate responsiveness to assessment area credit needs and an adequate percentage of loans are made in the institution's assessment areas. The geographic distribution of loans reflects poor penetration throughout the assessment areas, and the distribution of borrowers reflects poor penetration among retail customers of different income levels and business customers of different sizes. The institution makes little use of innovative and/or flexible lending practices and has made a low level of community development loans. Conclusions regarding the bank's overall performance are consistent with the conclusions in the Orlando-Kissimmee-Sanford, FL MSA assessment area and below the conclusions in the Miami-Fort Lauderdale-West Palm Beach, FL MSA assessment area.

Lending Activity

Lending levels reflect adequate responsiveness to the assessment areas' credit needs. The rating is supported by BBA's lending levels and market share for home mortgage and small business loans. Performance in the Orlando-Kissimmee-Sanford, FL MSA assessment area is good, whereas performance in the Miami-Fort Lauderdale-West Palm Beach, FL MSA assessment area is adequate.

The bank's average net loan-to-deposit ratio over the ten quarters since the prior CRA evaluation was 50.9 percent, which compares below the average of 65.6 percent during the prior CRA evaluation period. Since the prior CRA evaluation, the bank's net loan-to-deposit ratio exhibited an increasing trend, from a low of 38.4 percent on March 31, 2023, to a high of 64.2 percent on March 31, 2025. The net loan-to-deposit ratio increased during this period due to an increase in net loans, whereas deposits remained static. BBA's average net loan-to-deposit ratio is below financial institutions with a similar geographic market, asset size, and business focus, whose average net loan-to-deposit ratio ranged from 55.9 percent to 88.7 percent during the same period.

Regarding market share, BBA is ranked 21st and 106th for home mortgage loan market share in the Orlando-Kissimmee-Sanford, FL MSA and Miami-Fort Lauderdale-West Palm Beach, FL MSA assessment areas, respectively. Market share data is not yet available for small business loans as the bank became subject to small business loan reporting requirements in 2024. Overall, this performance reflects adequate responsiveness to the assessment areas' credit needs.

Assessment Area Concentration

The bank originated an adequate percentage of loans, by number and dollar volume, in the assessment areas. The following table illustrates the distribution of lending inside and outside of the assessment areas.

Lending Inside and Outside of the Assessment Areas										
Loan Category	Number of Loans				Total #	Dollars Amount of Loans \$(000s)				Total \$(000s)
	Inside		Outside			Inside		Outside		
	#	%	#	%		\$	%	\$	%	
Home Mortgage										
2023	546	76.7	166	23.3	712	304,984	76.2	95,147	23.8	400,131
2024	495	70.7	205	29.3	700	279,758	73.1	103,162	26.9	382,920
Subtotal	1,041	73.7	371	26.3	1,412	584,742	74.7	198,309	25.3	783,051
Small Business	47	94.0	3	6.0	50	7,763	99.0	80	1.0	7,843
Total	1,088	74.4	374	25.6	1,462	592,505	74.9	198,389	25.1	790,894
Source: HMDA Reported Data; Bank Data										

Geographic Distribution

The geographic distribution of loans reflects poor penetration throughout the assessment areas. Performance in the Orlando-Kissimmee-Sanford, FL MSA assessment area is poor, whereas performance in the Miami-Fort Lauderdale-West Palm Beach, FL MSA assessment area is adequate. As previously noted, the Orlando-Kissimmee-Sanford, FL MSA assessment area received considerably more weight in the overall conclusions and ratings due to it comprising a significant majority of loans originated during the evaluation period.

Borrower Profile

The distribution of loans reflects poor penetration among borrowers of different incomes and to businesses of different sizes. Performance is poor in both assessment areas.

Innovative or Flexible Lending Practices

The bank makes little use of innovative or flexible lending practices to serve the assessment areas' credit needs. BBA offers traditional credit products that are not considered innovative or flexible including home equity lines of credit, personal loans, and credit cards for consumers, and lines of credit, term loans, equipment loans, commercial real estate loans, and credit cards for businesses. BBA also offers 3/1 and 5/1 adjustable-rate mortgages, which are generally not as conducive for low- and moderate-income borrowers. However, the bank purchased residential loans extended to low- and moderate-income individuals or geographies during the evaluation period. No further analysis is provided within the assessment area sections given the bank's performance is consistent throughout the assessment areas.

Community Development Loans

BBA has made a low level of community development loans. The bank made 13 community development loans totaling \$16.6 million during the evaluation period. Community development loans include the origination of two loans totaling \$7.5 million and the purchase of a participation in 11 community development loans totaling \$9.1 million through Neighborhood Lending Partners of Florida, Inc. (NLP). NLP is a non-profit lending consortium, certified as a Community Development Financial Institution (CDFI), established to offer flexible financing for affordable housing by working with public and private partnerships. Member banks fund loan pools, which support affordable housing projects throughout Florida. The 11 loan participations assisted in the financing of 1,174 housing units for low- and moderate-income borrowers in the assessment areas.

BBA's community development loans account for 0.6 percent of average total assets and 1.3 percent of average total loans, as of March 31, 2025, which compares below performance at the prior evaluation of 1.6 and 2.7 percent, respectively. The level of community development loans is below that of similarly situated institutions and, as such, demonstrated poor responsiveness to opportunities for community development lending. Performance was poor in the Orlando-Kissimmee-Sanford, FL MSA assessment area and adequate in the Miami-Fort Lauderdale-West

Palm Beach, FL MSA assessment area. The following table presents the bank's community development loans made during the evaluation period, by year and purpose.

Community Development Loans										
Activity Year	Affordable Housing		Community Services		Economic Development		Revitalize or Stabilize		Total

INVESTMENT TEST

The Investment Test is rated High Satisfactory. BBA has a significant level of qualified community development investments and grants, particularly those that are not routinely provided by private investors. The bank exhibits good responsiveness to credit and community development needs and occasionally uses complex investments to support community development initiatives. Conclusions regarding the bank's overall performance are consistent with the conclusions for each assessment area.

Investment and Grant Activity

The institution has a significant level of qualified community development investments and grants, particularly those that are not routinely provided by private investors. BBA made 132 qualified investments totaling \$74.1 million during the evaluation period, which equates to 2.7 percent of average total assets and 8.4 percent of average total securities as of March 31, 2025. Qualified investments include 72 investments totaling \$73.9 million and 60 donations or grants totaling \$246,765. The number and dollar volume of qualified investments increased significantly compared to performance at the prior CRA evaluation whereby the bank made 20 donations totaling \$39,000. Additionally, BBA's performance is comparable by number and higher by dollar volume, when compared to similarly situated institutions.

Qualified investments made during the evaluation period, by dollar volume, primarily include mortgage-backed securities, affordable housing mutual funds, affordable housing bonds, and certificates of deposit in minority depository institutions or CDFIs. Of note, 13 investments totaling \$19.5 million and 5 donations totaling \$94,970 benefited both assessment areas, and 49 investments totaling \$17.2 million benefited locations outside of the assessment areas. These qualified investments are included at the bank-wide level rather than the assessment area levels since they benefitted both assessment areas. The following table presents the bank's qualified investments during the evaluation period by year and purpose.

Qualified Investments										
Activity Year	Affordable Housing		Community Services		Economic Development		Revitalize or Stabilize		Total	
	#	\$(000s)	#	\$(000s)	#	\$(000s)	#	\$(000s)	#	\$(000s)

Total	26	54,494	102	19,637	4	7	-	-	132	74,138
<i>Source: Bank Data</i>										

The following are examples of qualified investments made during the evaluation period that benefit both assessment areas or locations outside of the assessment areas.

- In 2024 and 2025, the bank purchased nine mortgage-backed securities totaling \$13.5 million that support affordable housing for low- and moderate-income families in both assessment areas.
- During the evaluation period, the bank opened 49 certificates of deposit totaling \$17.2 million in minority depository institutions or community development financial institutions outside of the assessment areas.
- In 2023 and 2024, the bank purchased two mutual funds totaling \$4.5 million that support affordable housing for low- and moderate-income families in both assessment areas.

Responsiveness to Credit and Community Development Needs

BBA exhibits good responsiveness to credit and community development needs. The bank is particularly responsive to the assessment areas' affordable housing needs, which the community contact identified as a critical credit need. During the evaluation period, the bank purchased 18 investments totaling \$54.4 million that supported affordable housing in the assessment areas. Specifically, BBA made two investments totaling \$4.5 million in mutual funds that support affordable housing in both assessment areas. Additionally, the bank made a \$4 million investment in an affordable housing bond with a public agency that provides affordable housing in Miami-Dade County. BBA also purchased two Freddie Mac mortgage-backed securities totaling \$15 million secured by multifamily affordable housing properties in the assessment areas. Further, BBA made 11 investments totaling \$30.7 million in Fannie Mae mortgage-backed securities that support affordable housing for low- and moderate-income families in the assessment areas.

Donations have also been responsive to the needs of charitable and community development organizations serving residents in both assessment areas. Many organizations rely on these contributions to continue providing services to low- and moderate-income individuals and areas, as well as small businesses. The bank made 60 donations during the evaluation period totaling

\$246,765. Donations were primarily awarded to organizations that provide essential community services, in addition to promoting affordable housing and economic development.

Management made a concerted effort to ensure investments and donations were concentrated in the assessment areas, which further supports good responsiveness. No further analysis is provided within the assessment area sections given the bank's performance is consistent throughout the assessment areas.

Community Development Initiatives

BBA occasionally uses complex investments to support community development initiatives. Although not innovative, the investments in mutual funds, housing bonds, and mortgage-backed securities are considered moderately complex, as they are specifically tailored to affordable housing needs within the assessment areas. The bank spent considerable time achieving a diverse portfolio of affordable housing investments throughout its assessment areas. The investments provide additional market liquidity for new construction and permanent financing for new and rehabilitated affordable housing projects. No further analysis is provided within the assessment area sections given the bank's performance is consistent throughout the assessment areas.

SERVICE TEST

The Service Test is rated Low Satisfactory. Delivery systems are reasonably accessible to essentially all portions of the assessment areas. To the extent changes have been made, the opening and closing of branches has not adversely affected the accessibility of delivery systems, particularly in low- and moderate-income geographies and to low- and moderate-income individuals. Services and business hours do not vary in a way that inconveniences portions of the assessment areas, particularly low- and moderate-income geographies and individuals. BBA provides an adequate level of community development services. Conclusions regarding the bank's overall performance are consistent with the conclusions in the Miami-Fort Lauderdale-West Palm Beach, FL MSA assessment area and generally consistent with the conclusions in the Orlando-Kissimmee-Sanford, FL MSA assessment area.

Accessibility of Delivery Systems

BBA's delivery systems are reasonably accessible to essentially all portions of the bank's assessment areas. The bank operates four full-service branches in Florida, including two in Miami-Dade County (middle- and upper-income census tracts), one in Broward County (upper-income census tract), and one in Orange County (moderate-income census tract). In addition, the bank operates one LPO in a moderate-income census tract in Orange County. Other alternative delivery systems accessible to all customers include ATMs at each branch, ATMs nationwide via Presto and Allpoint networks, online banking, mobile banking, mobile check deposit, and remittance transfers.

BBA does not operate any branches or ATMs in low-income census tracts, comparing below demographic data. However, the branch and ATM distribution in moderate-income census tracts is comparable to demographic data. Additionally, two branches are in census tracts adjacent to

moderate-income census tracts, and all four branches are in close proximity to low- or moderate-income census tracts, which provides branch accessibility to the respective communities.

Performance in the Miami-Fort Lauderdale-West Palm Beach, FL MSA assessment area is consistent with the bank overall, whereas performance in the Orlando-Kissimmee-Sanford, FL MSA assessment area is above the bank overall. The following table presents the census tracts, population, branches, and ATMs by census tract income level, based on 2020 U.S. Census data. Refer to the individual assessment areas for additional details.

Branch and ATM Distribution by Geography Income Level								
Tract Income Level	Census Tracts		Population		Branches		ATMs	
	#	%	#	%	#	%	#	%
Low	68	4.7	277,982	4.3	-	-	-	-
Moderate	402	27.7	1,855,371	28.7	1	25.0	1	25.0
Middle	450	31.0	2,029,918	31.4	1	25.0	1	25.0
Upper	484	33.4	2,191,535	33.9	2	50.0	2	50.0
NA	46	3.2	109,900	1.7	-	-	-	-
Total	1,450	100.0	6,464,706	100.0	4	100.0	4	100.0
<i>Source: 2020 U.S. Census Data; Bank Data</i>								

Changes in Branch Locations

To the extent changes have been made, BBA's opening and closing of branches has not adversely affected the accessibility of its delivery systems, particularly in low- and moderate-income geographies or to low- and moderate-income individuals. The bank has not opened or closed any branches during the evaluation period.

Reasonableness of Business Hours and Services

Services, including business hours, do not vary in a way that inconveniences portions of the assessment areas, particularly low- and moderate-income geographies and individuals. Business hours, products, and services offered are consistent across the bank's entire branch network, apart from two branches having walk-up ATMs attached to the exterior of the bank, while the two other branches have ATMs inside of the bank. Lobby hours at each branch are 9:00 a.m. to 4:00 p.m., Monday through Friday. Additionally, BBA offers a range of loan and deposit products throughout its branch network. Consumer credit products offered include adjustable-rate mortgage loans, personal loans, and credit cards. Commercial credit products offered include lines of credit, term loans, equipment loans, commercial real estate, and credit cards. Deposit products offered include checking, savings, money market, and certificates of deposit accounts.

Community Development Services

BBA provides an adequate level of community development services. Bank representatives provided 61 community development services during the evaluation period. The number of

community development services increased from the prior CRA evaluation and is comparable to the performance of similarly situated institutions. Although not innovative, the community development services demonstrated adequate responsiveness to the assessment areas' community development opportunities. Of the 61 community development services, 43 or 70.5 percent resulted from financial literacy classes for children, home ownership counseling, and small business assistance workshops. Additionally, directors, officers, and employees served in leadership capacities with seven organizations whose missions are consistent with the definition of community development. Of note, two community development services benefitted multiple assessment areas, and one community development service benefitted a greater regional area that includes the assessment areas. The following table presents the number of community development services provided during the evaluation period by year and purpose.

Community Development Services					
Activity Year	Affordable Housing	Community Services	Economic Development	Revitalize or Stabilize	Total
	#	#	#	#	#
11/29/2022-12/31/2022	-	-	-	-	-
2023	3	11	9	-	23
2024	7	16	4	-	27
1/1/2025-5/12/2025	2	6	3	-	11
Total	12	33	16	-	61
<i>Source: Bank Data</i>					

The following illustrate the community development services that benefitted multiple assessment areas or a greater regional area that includes the assessment areas during the evaluation period.

- In 2025, a bank representative served on the Board of a non-profit community development financial institution that supports economic development throughout the southeastern U.S. by providing funding to create jobs and expand economic opportunities in underserved areas.
- In 2023, a bank representative taught two small business assistance workshops virtually which were attended by businesses in both assessment areas. The workshops covered key underwriting criteria for small business loans, such as understanding the seven Cs of credit and how to complete a business application, certification of beneficial owner, and personal financial statements.

DISCRIMINATORY OR OTHER ILLEGAL CREDIT PRACTICES REVIEW

The bank's compliance with the laws relating to discrimination and other illegal credit practices was reviewed, including the Fair Housing Act and the Equal Credit Opportunity Act. Examiners did not identify any discriminatory or other illegal credit practices.

ORLANDO-KISSIMMEE-SANFORD, FL MSA ASSESSMENT AREA – Full-Scope Review

DESCRIPTION OF INSTITUTION’S OPERATIONS IN ORLANDO-KISSIMMEE-SANFORD, FL MSA ASSESSMENT AREA

The assessment area consists of Orange and Osceola counties, which are part of the Orlando-Kissimmee-Sanford, FL MSA. Management added Osceola County to the assessment area since the prior CRA evaluation. BBA operates one of its four branches in this assessment area, comprising 77.9 percent of bank-wide loans reviewed during this CRA evaluation.

Economic and Demographic Data

The following table outlines select demographic characteristics of the assessment area based on the 2020 U.S. Census data and the 2024 D&B business demographic data.

Demographic Information of the Assessment Area						
Demographic Characteristics	#	Low % of #	Moderate % of #	Middle % of #	Upper % of #	NA* % of #
Geographies (Census Tracts)	326	4.3	32.2	31.6	30.1	1.8

Household Distribution by Income Level	577,717	23.0	17.5	19.0	40.5	0.0
Median Family Income MSA - 36740 Orlando-Kissimmee-Sanford, FL MSA		\$70,774	Median Housing Value			\$248,504
			Median Gross Rent			\$1,304
			Families Below Poverty Level			10.7%
Source: 2020 U.S. Census and 2024 D&B Data. Due to rounding, totals may not equal 100.0%. (*) The NA category consists of geographies that have not been assigned an income classification.						

The Geographic Distribution criterion compares home mortgage loans to the distribution of owner-occupied housing units and small business loans to the percentage of businesses located in low-, moderate-, middle-, and upper-income census tracts. Only 1.6 percent of the assessment area’s owner-occupied housing units and 2.1 percent of businesses are in low-income census tracts, indicating limited lending opportunities in the respective tracts.

Examiners used FFIEC-updated median family income levels for the Orlando-Kissimmee-Sanford, FL MSA to analyze home mortgage lending under the Borrower Profile criterion. The following table reflects low-, moderate-, middle-, and upper-income categories.

Median Family Income Ranges				
Median Family Incomes	Low <50%	Moderate 50% to <80%	Middle 80% to <120%	Upper ≥120%
2023 (\$85,700)	<\$42,850	\$42,850 to <\$68,560	\$68,560 to <\$102,840	≥\$102,840
2024 (\$90,400)	<\$45,200	\$45,200 to <\$72,320	\$72,320 to <\$108,480	≥\$108,480
<i>Source: FFIEC</i>				

The analysis of small business loans under the Borrower Profile criterion compares the distribution of businesses by gross annual revenue level. Of the assessment area’s businesses in 2024, 94.0 percent had gross annual revenues of \$1 million or less, 1.3 percent had gross annual revenues of more than \$1 million, and 4.7 percent had unknown revenues. According to Moody’s Analytics, professional and business services as well as leisure and hospitality services represent the largest business sectors in the assessment area followed by education and health services. Major employers include Walt Disney Parks & Resorts, Advent Health, Universal Studios Florida, Orlando Health, and Seminole State College of Florida.

Data obtained from the U.S. Bureau of Labor Statistics reflects an increase in the unemployment rate from 2023 to 2024. The unemployment rate in Orange County was slightly below the state unemployment rate and below the national unemployment rate each year, whereas the unemployment rate in Osceola County was above the state unemployment rate and below the national unemployment rate each year.

Unemployment Rates		
Area	2023	2024
	%	%
Orange County	2.9	3.3
Osceola County	3.4	3.5
Florida	3.0	3.4
National Average	3.6	4.0
<i>Source: U.S. Bureau of Labor Statistics (not seasonally adjusted)</i>		

Competition

The market is highly competitive for financial services. According to FDIC Deposit Market Share data as of June 30, 2024, 40 financial institutions operate 305 branches within the assessment area. Of these institutions, BBA ranked 23rd with a deposit market share of 0.3 percent. The three leading financial institutions included Truist Bank; Bank of America, NA; and Wells Fargo Bank, NA, accounting for 53.5 percent of the total deposit market share.

Significant competition exists in the assessment area for home mortgage loans among banks, credit unions, and non-depository mortgage lenders. According to 2023 Peer Mortgage Data, 806 institutions reported 43,690 residential mortgage loans originated or purchased in the assessment area. By number of loans, BBA ranked 21st with a market share of 1.0 percent. The top three lenders by number of loans included United Wholesale Mortgage; Pennymac Loan Services, LLC; and Rocket Mortgage, accounting for 18.2 percent of the total home mortgage loan market share.

Significant competition exists in the assessment area for small business loans. BBA was not required to report small business loan data and elected not to report such information during the most recent year (2023) for which aggregate data is available. The bank was required to report small business loan data in 2024, but aggregate data is not yet available for the respective year. Therefore, the analysis of small business loans under the Lending Test's Geographic Distribution and Borrower Profile criteria does not include a comparison to aggregate data. However, regarding competition and demand for small business loans, aggregate data for 2023 indicates 165 lenders reported 78,075 small business loans originated or purchased in the assessment area. The top three lenders by number of loans included American Express National Bank; JPMorgan Chase Bank, NA; and Bank of America, NA, accounting for 64.9 percent of the total small business loan market share.

Community Contact

As part of the CRA evaluation process, examiners contact third parties active in the assessment area to help identify the credit and community development needs and opportunities of the assessment area. For this CRA evaluation, examiners conducted a community contact with a representative from an independent public corporation that provides affordable housing to low-income individuals in Orlando, Florida. The contact noted a limited supply of affordable housing in the area for low- and moderate-income individuals, coupled with increasing home prices. As a result, the contact identified a significant need for the development of affordable housing, either through creating a home mortgage loan product designed specifically to meet the credit needs of low- and moderate-income individuals or by partnering with an affordable housing organization to offer such credit products.

Credit and Community Development Needs and Opportunities

Based on demographic information and economic data, examiners identified certain credit and community development needs and opportunities within the assessment area. The number of low- and moderate-income families, at 22.5 percent and 18.9 percent, respectively, indicates a need and

opportunity to provide affordable housing. The community contact further supported the need for, and opportunity to finance, affordable housing loans. Additionally, a need and opportunity exist for small business loans considering the assessment area includes 446,464 businesses, of which 94.0 percent have gross annual revenues of \$1 million or less.

CONCLUSIONS ON PERFORMANCE CRITERIA IN ORLANDO-KISSIMMEE-SANFORD, FL MSA ASSESSMENT AREA

LENDING TEST

Lending levels reflect good responsiveness to the assessment area's credit needs. The geographic distribution of loans reflects poor penetration throughout the assessment area and the distribution of borrowers reflects poor penetration among retail customers of different income levels and business customers of different sizes. The institution makes little use of innovative and/or flexible lending practices in order to serve assessment area credit needs and has made a low level of community development loans.

Lending Activity

Lending levels reflect good responsiveness to the assessment area's credit needs. BBA's lending levels and market share for home mortgage and small business loans reflect the bank's responsiveness to the assessment area's credit needs. The bank's home mortgage lending volume has increased since the prior CRA evaluation due to a significant rise in broker activity within the assessment area, whereas small business lending has declined. Regarding market share, BBA ranked 21st out of 806 lenders for home mortgage loan market share in the assessment area. Market share data is not yet available for small business loans as the bank became subject to small business loan reporting requirements in 2024. Refer to the overall Lending Activity section for additional details.

Geographic Distribution

The geographic distribution of loans reflects poor penetration throughout the assessment area.

Home Mortgage Loans

The geographic distribution of home mortgage loans reflects poor penetration throughout the assessment area. In 2023 and 2024, lending performance in low-income census tracts was comparable to demographic and aggregate data given the limited lending opportunities. However, lending performance in moderate-income census tracts was significantly below demographic and aggregate data each year. The following table presents the distribution of home mortgage loans within the assessment area.

Geographic Distribution of Home Mortgage Loans						
Tract Income Level	% of Owner-Occupied Housing Units	Aggregate Performance % of #	#	%	\$(000s)	%
Low						
2023	1.6	1.3	2	0.5	586	0.3
2024	1.6	1.2	3	0.7	1,014	0.6

<i>Source: 2020 U.S. Census Data; HMDA Reported Data; HMDA Aggregate Data</i>						

Small Business Loans

The geographic distribution of small business loans reflects good penetration throughout the assessment area. Although the bank did not originate any loans in low-income census tracts, demographic data indicates limited lending opportunities to businesses. Lending performance in moderate-income census tracts was above demographic data. The following table presents the distribution of small business loans within the assessment area.

Geographic Distribution of Small Business Loans					
Tract Income Level	% of Businesses	#	%	\$(000s)	%
Low	2.1	-	-	-	-
Moderate	30.7	7	38.9	2,236	77.7

Total	100.0	18	100.0	2,876	100.0
<i>Source: 2024 D&B Data; Bank Data</i>					

Borrower Profile

The distribution of borrowers reflects poor penetration among retail customers of different income levels. Due to the limited number of small business loans originated with revenues considered, examiners are unable to form meaningful conclusions on the bank's penetration among business customers of different sizes.

Home Mortgage Loans

The distribution of borrowers reflects poor penetration among retail customers of different income levels. Lending performance to low-income borrowers was significantly below demographic data and below aggregate data in 2023 and 2024. Similarly, lending performance to moderate-income borrowers was significantly below demographic and aggregate data in 2023 and 2024. Of note, BBA originated a majority of the home mortgage loans each year to commercial borrowers for investment purposes or to non-resident aliens purchasing second homes as a commercial entity, resulting in their income being reported as not available; however, lending performance remains poor even after removing these loans. The following table presents the distribution of home mortgage loans by borrower income level.

Distribution of Home Mortgage Loans by Borrower Income Level						
Borrower Income Level	% of Families	Aggregate Performance % of #	#	%	\$(000s)	%
Low						
2023	22.5	3.1	2	0.5	316	0.2
2024	22.5	4.0	1	0.2	210	0.1

<i>Source: 2020 U.S. Census Data; HMDA Reported Data; HMDA Aggregate Data</i>						

Small Business Loans

BBA originated a significant majority of loans to businesses for which gross annual revenues were not relied upon, as the loans were secured by certificates of deposit. Therefore, examiners are unable to form meaningful conclusions on the bank's penetration among business customers of different sizes. Of note, the bank originated all three loans that it relied on gross annual revenues to businesses with revenues of \$1 million or less. The following table presents the distribution of small business loans by gross annual revenue level.

Distribution of Small Business Loans by Gross Annual Revenue Category					
Gross Revenue Level	% of Businesses	#	%	\$(000s)	%
≤ \$1,000,000	94.0	3	16.7	1,123	39.0
> \$1,000,000	1.3	-	-	-	-
Revenue Not Available	4.7	15	83.3	1,753	61.0
Total	100.0	18	100.0	2,876	100.0
<i>Source: 2024 D&B Data; Bank Data</i>					

Innovative or Flexible Lending Practices

BBA makes little use of innovative or flexible lending practices to serve the assessment area's credit needs. Refer to the overall Innovative or Flexible Lending Practices section for additional details.

Community Development Loans

BBA has made a low level of community development loans. The bank purchased a participation in four community development loans totaling \$2.5 million through NLP, which assisted with financing 442 housing units for low- and moderate-income borrowers in the assessment area. The number of community development loans is consistent with the three loans at the prior CRA evaluation, but the dollar volume declined significantly from \$14.4 million. The community development loans demonstrated poor responsiveness to the assessment area's community development needs due to the limited performance. The following are examples of community development loans made during the evaluation period.

- In 2024, the bank purchased a \$1 million participation in a loan to finance a 120-unit apartment complex for seniors in a moderate-income census tract in Orange County; each unit is restricted to low- and moderate-income individuals.
- In 2024, the bank purchased a \$1 million participation in a loan to finance a 102-unit apartment complex in a middle-income census tract in Orange County; each unit is restricted to low- and moderate-income individuals.
- In 2024, the bank purchased a \$290,183 participation in a loan to finance a 120-unit apartment complex in a middle-income census tract in Orange County; each unit is restricted to low- and moderate-income individuals.

INVESTMENT TEST

BBA has a significant level of qualified community development investments and grants, particularly those that are not routinely provided by private investors. The institution exhibits good responsiveness to credit and community development needs and occasionally uses complex investments to support community development initiatives.

Investment and Grant Activity

BBA has a significant level of qualified community development investments and grants, particularly those that are not routinely provided by private investors. The bank made 12 qualified investments totaling \$10.0 million during the evaluation period, including one investment totaling \$10.0 million and 11 donations totaling \$36,000. The number and dollar volume of qualified investments increased significantly compared to performance at the prior CRA evaluation, whereby the bank had no qualified investments. Additionally, 13 investments totaling \$19.5 million and five donations totaling \$94,970 benefited both assessment areas during the evaluation period. As previously addressed, these investments are reflected in the overall qualified investments. The following table presents the bank's qualified investments during the evaluation period by year and purpose.

Qualified Investments										
Activity Year	Affordable Housing		Community Services		Economic Development		Revitalize or Stabilize		Total	
	#	\$(000s)	#	\$(000s)	#	\$(000s)	#	\$(000s)	#	\$(000s)

<i>Source: Bank Data</i>										

The following details qualified investments made during the evaluation period.

- In 2024, the bank made a \$10 million investment in a mortgage-backed security secured by a multifamily property in a moderate-income census tract in Orange County. All 492 units are restricted to low- and moderate-income individuals.
- In 2024 and 2025, the bank made six donations totaling \$20,500 to a non-profit organization that provides various essential services to low-income families and individuals including crisis care, food and household subsidy, and employment training and placement.
- In 2024 and 2025, the bank made five donations totaling \$10,000 to a non-profit organization that provides various essential services to low- and moderate-income families

including an emergency food and shelter program, rent and utility payment assistance, and financial literacy education.

Responsiveness to Credit and Community Development Needs

BBA exhibits good responsiveness to credit and community development needs. Refer to the overall Responsiveness to Credit and Community Development Needs section for additional details.

Community Development Initiatives

BBA occasionally uses complex investments to support community development initiatives. Refer to the overall Community Development Initiatives section for additional details.

SERVICE TEST

Delivery systems are reasonably accessible to essentially all portions of the institution's assessment area. To the extent changes have been made, the opening and closing of branches has not adversely affected the accessibility of delivery systems, particularly in low- and moderate-income geographies and to low- and moderate-income individuals. Services and business hours do not vary in a way that inconveniences portions of the assessment area, particularly low- and moderate-income geographies and individuals. The institution provides a limited level of community development services.

Accessibility of Delivery Systems

Delivery systems are reasonably accessible to essentially all portions of the institution's assessment area. The bank operates one full-service branch in a moderate-income census tract. In addition, the bank operates one LPO in a moderate-income census tract. The bank also offers a variety of alternative delivery systems which are accessible to all customers, including an ATM at the branch and ATMs nationwide via Presto and Allpoint networks.

The branch distribution in the assessment area is more favorable than the overall bank, whereas alternative delivery systems in the assessment area are consistent with the overall bank. BBA does not operate any branches or ATMs in low-income census tracts, comparing below demographic data. However, although consisting of only one branch and ATM, the branch and ATM distribution in moderate-income census tracts is considerably above demographic data. Additionally, the assessment area's branch and ATM are in a census tract adjacent to four moderate-income census tracts and in close proximity to additional low- and moderate-income census tracts, which supports branch accessibility to the respective communities. The following table presents the census tracts, population, branch, and ATM by census tract income level, based on 2020 U.S. Census data.

Branch and ATM Distribution by Geography Income Level								
Tract Income Level	Census Tracts		Population		Branches		ATMs	
	#	%	#	%	#	%	#	%
Low	14	4.3	78,198	4.3	-	-	-	-
Moderate	105	32.2	565,573	31.1	1	100.0	1	100.0
Middle	103	31.6	581,941	32.0	-	-	-	-
Upper	98	30.1	567,392	31.2	-	-	-	-
NA	6	1.8	25,460	1.4	-	-	-	-
Total	326	100.0	1,818,564	100.0	1	100.0	1	100.0
<i>Source: 2020 U.S. Census Data; Bank Data</i>								

Changes in Branch Locations

To the extent changes have been made, the opening and closing of branches has not adversely affected the accessibility of its delivery systems, particularly in low- and moderate-income geographies or to low- and moderate-income individuals. The bank has not opened or closed any branches in the assessment area during the evaluation period.

Reasonableness of Business Hours and Services

Services and business hours do not vary in a way that inconveniences portions of the assessment area, particularly low- and moderate-income geographies or individuals. Business hours and services offered are similar across the bank's entire branch network. Refer to the overall Reasonableness of Business Hours and Services section for additional details.

Community Development Services

BBA provides a limited level of community development services. One bank representative provided one community development service during the evaluation period. Specifically, a bank representative taught a small business workshop in Orange County in 2023.

MIAMI-FORT LAUDERDALE-WEST PALM BEACH, FL MSA

ASSESSMENT AREA – Full-Scope Review

DESCRIPTION OF INSTITUTION’S OPERATIONS IN MIAMI-FORT LAUDERDALE-WEST PALM BEACH, FL MSA ASSESSMENT AREA

The assessment area consists of Miami-Dade and Broward counties, which are part of the Miami-Fort Lauderdale-West Palm Beach, FL MSA. BBA operates three of its four branches in the assessment area, comprising 22.1 percent of bank-wide loans reviewed during this CRA evaluation.

Economic and Demographic Data

The following table outlines select demographic characteristics of the assessment area based on the 2020 U.S. Census data and the 2024 D&B business demographic data.

Demographic Information of the Assessment Area						
Demographic Characteristics	#	Low % of #	Moderate % of #	Middle % of #	Upper % of #	NA* % of #
Geographies (Census Tracts)	1,124	4.8	26.3	30.8	34.4	3.6

			Families Below Poverty Level			11.4%
Source: 2020 U.S. Census and 2024 D&B Data. Due to rounding, totals may not equal 100.0%. (*) The NA category consists of geographies that have not been assigned an income classification.						

The Geographic Distribution criterion compares home mortgage loans to the distribution of owner-occupied housing units and small business loans to the percentage of businesses located in low-, moderate-, middle-, and upper-income census tracts. Only 4.8 percent of the assessment area’s owner-occupied housing units and 2.6 percent of businesses are in low-income census tracts, indicating limited lending opportunities in the respective tracts.

Examiners used FFIEC-updated median family income levels for the Miami-Fort Lauderdale-West Palm Beach, FL MSA to analyze home mortgage lending under the Borrower Profile criterion. The following table reflects low-, moderate-, middle-, and upper-income categories.

Median Family Income Ranges				
Median Family Incomes	Low <50%	Moderate 50% to <80%	Middle 80% to <120%	Upper ≥120%
Fort Lauderdale-Pompano Beach-Sunrise, FL Median Family Income				
2023 (\$88,500)	<\$44,250	\$44,250 to <\$70,800	\$70,800 to <\$106,200	≥\$106,200
2024 (\$89,100)	<\$44,550	\$44,550 to <\$71,280	\$71,280 to <\$106,920	≥\$106,920
Miami-Miami Beach-Kendall, FL Median Family Income				
2023 (\$74,700)	<\$37,350	\$37,350 to <\$59,760	\$59,760 to <\$89,640	≥\$89,640
2024 (\$79,400)	<\$39,700	\$39,700 to <\$63,520	\$63,520 to <\$95,280	≥\$95,280
<i>Source: FFIEC</i>				

The analysis of small business loans under the Borrower Profile criterion compares the distribution of businesses by gross annual revenue level. Of the assessment area’s businesses in 2024, 94.6 percent had gross annual revenues of \$1 million or less, 1.4 percent had gross annual revenues of more than \$1 million, and 4.0 percent had unknown revenues. According to Moody’s Analytics, professional and business services, education and health services, and retail trade represent the largest business sectors in the assessment area. Major employers include Publix Super Markets, University of Miami, Jackson Health System, American Airlines, and Miami-Dade College.

Data obtained from the U.S. Bureau of Labor Statistics reflects an increase in the unemployment rate from 2023 to 2024. The unemployment rates in Miami-Dade and Broward Counties were below both the state and national unemployment rates each year.

Unemployment Rates		
Area	2023	2024
	%	%
Miami-Dade County	1.9	2.4
Broward County	2.9	3.2
Florida	3.0	3.4
National Average	3.6	4.0
<i>Source: U.S. Bureau of Labor Statistics (not seasonally adjusted)</i>		

Competition

The market is highly competitive for financial services. According to FDIC Deposit Market Share data as of June 30, 2024, 67 financial institutions operate 947 branches within the assessment area. Of these institutions, BBA ranked 18th with a deposit market share of 0.9 percent. The three leading financial institutions included Bank of America, NA; JPMorgan Chase Bank, NA; and Wells Fargo Bank, NA, accounting for 39.4 percent of the total deposit market share.

Significant competition exists in the assessment area for home mortgage loans among banks, credit unions, and non-depository mortgage lenders. According to 2023 Peer Mortgage Data, 844 institutions reported 79,407 residential mortgage loans originated or purchased in the assessment area. By number of loans, BBA ranked 106th with a market share of 0.2 percent. The top three lenders by number of loans included United Wholesale Mortgage; Lakeview Loan Servicing, LLC; and Rocket Mortgage LLC, accounting for 20.7 percent of the total home mortgage loan market share.

Significant competition exists in the assessment area for small business loans. BBA was not required to report small business loan data and elected not to report such information during the most recent year (2023) for which aggregate data is available. The bank was required to report small business loan data in 2024, but aggregate data is not yet available for the respective year. Therefore, the analysis of small business loans under the Lending Test's Geographic Distribution and Borrower Profile criteria does not include a comparison to aggregate data. However, regarding competition and demand for small business loans, aggregate data for 2023 indicates 221 lenders reported 286,196 small business loans originated or purchased in the assessment area. The top three lenders by number of loans included American Express National Bank; JPMorgan Chase Bank, NA; and Bank of America, NA, accounting for 67.1 percent of the total small business loan market share.

Community Contact

As part of the CRA evaluation process, examiners contact third parties active in the assessment area to help identify the credit and community development needs and opportunities of the assessment area. For this CRA evaluation, examiners conducted a community contact with a representative from a non-profit affordable housing organization that provides low-income families in Miami, Florida, with affordable home ownership opportunities. The contact noted a limited availability of affordable housing in the area. The contact also identified elevated debt-to-income ratios among low- and moderate-income borrowers and escalating home prices as challenges to homeownership. As a result, the contact identified a significant need for the development of affordable housing, a credit product designed to make home ownership available for low- and moderate-income individuals, and financial literacy education to low- and moderate-income individuals.

Credit and Community Development Needs and Opportunities

Based on demographic information and economic data, examiners identified certain credit and community development needs and opportunities within the assessment area. The number of low- and moderate-income families, at 22.6 percent and 17.7 percent, respectively, indicates a need and opportunity to provide affordable housing. The community contact further supported the need for, and opportunity to finance, affordable housing loans. Additionally, a need and opportunity exist for small business loans considering the assessment area includes 1,626,078 businesses, of which 94.6 percent have gross annual revenues of \$1 million or less.

CONCLUSIONS ON PERFORMANCE CRITERIA IN MIAMI-FORT LAUDERDALE-WEST PALM BEACH, FL MSA ASSESSMENT AREA

LENDING TEST

Lending levels reflect adequate responsiveness to the assessment area's credit needs. The geographic distribution of loans reflects adequate penetration throughout the assessment area and the distribution of borrowers reflects poor penetration among retail customers of different income levels and business customers of different sizes. The institution makes little use of innovative and/or flexible lending practices in order to serve assessment area credit needs and has made an adequate level of community development loans.

Lending Activity

Lending levels reflect adequate responsiveness to the assessment area's credit needs. BBA's lending levels and market share for home mortgage and small business loans reflect the bank's responsiveness to the assessment area's credit needs. The bank's home mortgage lending volume has increased since the prior CRA evaluation due to a rise in broker activity within the assessment area, whereas small business lending has declined. Regarding market share, BBA is ranked 106th of 844 lenders for home mortgage loan market share in the assessment area. Market share data is not yet available for small business loans as the bank became subject to small business loan reporting requirements in 2024. Refer to the overall Lending Activity section for additional details.

Geographic Distribution

The geographic distribution of loans reflects adequate penetration throughout the assessment area.

Home Mortgage Loans

The geographic distribution of home mortgage loans reflects adequate penetration throughout the assessment area. Lending performance in low-income census tracts was consistent with demographic and aggregate data in 2023 and 2024. However, lending performance in moderate-income census tracts was below demographic and aggregate data each year. The following table presents the distribution of home mortgage loans within the assessment area.

Geographic Distribution of Home Mortgage Loans						
Tract Income Level	% of Owner-Occupied Housing Units	Aggregate Performance % of #	#	%	\$(000s)	%
Low						
2023	2.8	2.7	4	3.1	2,400	2.1
2024	2.8	2.7	3	3.6	1,659	1.7

<i>Source: 2020 U.S. Census Data; HMDA Reported Data; HMDA Aggregate Data</i>						

Small Business Loans

The geographic distribution of small business loans reflects poor penetration throughout the assessment area. Although the bank did not originate any loans in low-income census tracts, demographic data indicates limited lending opportunities to businesses. Lending performance in moderate-income census tracts was significantly below demographic data. The following table presents the distribution of small business loans within the assessment area.

Geographic Distribution of Small Business Loans					
Tract Income Level	% of Businesses	#	%	\$(000s)	%
Low	2.6	-	-	-	-
Moderate	22.2	2	6.9	215	4.4
Middle	28.7	5	17.2	1,626	33.3
Upper	43.6	22	75.9	3,046	62.3

Total	100.0	29	100.0	4,887	100.0
<i>Source: 2024 D&B Data; Bank Data</i>					

Borrower Profile

The distribution of borrowers reflects poor penetration among retail customers of different income levels and businesses of different sizes.

Home Mortgage Loans

The distribution of borrowers reflects poor penetration among retail customers of different income levels. The bank did not originate or purchase any home mortgage loans to low- income borrowers in 2023 or 2024, which compares significantly below demographic data and below aggregate data. Lending performance to moderate-income borrowers was significantly below demographic data and below aggregate data. Of note, BBA originated approximately half of the home mortgage loans each year to commercial borrowers for investment purposes, resulting in their income being reported as not available; however, performance remains poor after removing the borrowers for which income was reported as not available. The following table presents the distribution of home mortgage loans by borrower income level.

Distribution of Home Mortgage Loans by Borrower Income Level						
Borrower Income Level	% of Families	Aggregate Performance % of #	#	%	\$(000s)	%
Low						
2023	22.6	2.5	-	-	-	-
2024	22.6	3.0	-	-	-	-

Small Business Loans

The distribution of borrowers reflects poor penetration among business customers of different sizes. Lending performance to businesses with gross annual revenues of \$1 million or less was significantly below the percentage of businesses in the assessment area. BBA originated a majority of the loans to businesses for which gross annual revenues were not relied upon, as the loans were secured by certificates of deposit. However, lending performance remains poor when excluding loans to businesses with no revenues. The following table presents the distribution of small business loans by gross annual revenue level.

Distribution of Small Business Loans by Gross Annual Revenue Category					
Gross Revenue Level	% of Businesses	#	%	\$(000s)	%
≤ \$1,000,000	94.6	4	13.8	534	10.9
> \$1,000,000	1.4	7	24.1	2,615	53.5
Revenue Not Available	4.0	18	62.1	1,738	35.6
Total	100.0	29	100.0	4,887	100.0
<i>Source: 2024 D&B Data; Bank Data</i>					

Innovative or Flexible Lending Practices

BBA makes little use of innovative or flexible lending practices to serve the assessment area's credit needs. Refer to the overall Innovative or Flexible Lending Practices section for additional details.

Community Development Loans

BBA has made an adequate level of community development loans. The bank made nine community development loans totaling \$14.1 million during the evaluation period. Community development loans include the origination of two loans totaling \$7.5 million and the purchase of a participation in seven community development loans totaling \$6.6 million through NLP that assisted with financing of 732 housing units for low- and moderate-income borrowers in the assessment area. The number of and dollar volume of community development loans increased from one loan totaling \$569,000 at the prior CRA evaluation. The community development loans demonstrated adequate responsiveness to the assessment area's opportunities for community development lending. The following table presents the bank's community development loans originated during the evaluation period, by year and purpose.

Community Development Loans										
Activity Year	Affordable Housing		Community Services		Economic Development		Revitalize or Stabilize		Total	
	#	\$(000s)	#	\$(000s)	#	\$(000s)	#	\$(000s)	#	\$(000s)
11/29/2022-12/31/2022	-	-	-	-	-	-	-	-	-	-
2023	1	1,045	-	-	-	-	-	-	1	1,045
2024	7	6,574	-	-	-	-	-	-	7	6,574
1/1/2025-5/12/2025	1	6,500	-	-	-	-	-	-	1	6,500
Total	9	14,119	-	-	-	-	-	-	9	14,119
<i>Source: Bank Data</i>										

The following are examples of community development loans made during the evaluation period.

- In 2025, the bank originated a \$65 million loan to finance the construction of a 342-unit apartment complex in a middle-income census tract in Miami-Dade County; of which, 34 units are set-aside as affordable housing for low- and moderate-income individuals. As such, BBA received pro rata consideration for the portion of such activities that helps to provide affordable housing to low- and moderate-income individuals, which totals 10.0 percent of \$65 million or \$6.5 million.
- In 2024, the bank purchased a \$1 million participation in a loan to finance a 124-unit apartment complex in a low-income census tract in Miami-Dade County; each unit is restricted to low- and moderate-income individuals.
- In 2023, the bank originated a \$1 million loan to finance the purchase of a 7-unit multi-family property in a low-income census tract in Miami-Dade County; six of seven units have rents below the U.S. Department of Housing and Urban Development's Fair Market Rents.

INVESTMENT TEST

BBA has a significant level of qualified community development investments and grants, particularly those that are not routinely provided by private investors. The institution exhibits good responsiveness to credit and community development needs and occasionally uses complex investments to support community development initiatives.

Investment and Grant Activity

BBA has a significant level of qualified investments and grants, particularly those that are not routinely provided by private investors. The bank made 53 qualified investments totaling \$27.3 million during the evaluation period, including nine investments totaling \$27.2 million and 44 donations totaling \$117,000. The number and dollar volume of qualified investments increased significantly compared to performance at the prior CRA evaluation, whereby the bank had 14 donations totaling \$18,000. Additionally, 13 investments totaling \$19.5 million and five donations totaling \$94,970 benefited both assessment areas during the evaluation period. As previously addressed, these investments are reflected in the overall qualified investments. The following table presents the bank's qualified investments during the evaluation period by year and purpose.

Qualified Investments										
Activity Year	Affordable Housing		Community Services		Economic Development		Revitalize or Stabilize		Total	
	#	\$(000s)	#	\$(000s)	#	\$(000s)	#	\$(000s)	#	\$(000s)

2023	3	4,200	-	-	-	-	-	-	3	4,200
2024	2	21,250	3	735	-	-	-	-	5	21,985
1/1/2025-5/12/2025	1	1,046	-	-	-	-	-	-	1	1,046
Subtotal	6	26,496	3	735	-	-	-	-	9	27,231
Grants & Donations	7	23	33	87	4	7	-	-	44	117
Total	13	26,519	36	822	4	7	-	-	53	27,348
<i>Source: Bank Data</i>										

The following are examples of qualified investments made during the evaluation period.

- In 2024, the bank made a \$16.3 million investment in a mortgage-backed security secured by a multifamily property in a moderate-income census tract in Broward County. All 96 units receive Section 8 tenant-based assistance under the housing choice voucher program and are restricted to low- and moderate-income individuals.
- In 2024, the bank made a \$5 million investment in an affordable housing bond secured by a multifamily property in a moderate-income census tract in Miami-Dade County. All 864 units are restricted to low- and moderate-income individuals.
- In 2023, the bank made a \$4 million investment in an affordable housing bond with an entity that provides affordable housing in Miami-Dade County. The bond is secured by a 125-unit low-income housing tax credit-funded multifamily property in a moderate-income census tract that provides affordable housing for seniors.

Responsiveness to Credit and Community Development Needs

BBA exhibits good responsiveness to credit and community development needs. Refer to the overall Responsiveness to Credit and Community Development Needs section for additional details.

Community Development Initiatives

BBA occasionally uses complex investments to support community development initiatives. Refer to the overall Community Development Initiatives section for additional details.

SERVICE TEST

Delivery systems are reasonably accessible to essentially all portions of the institution's assessment area. To the extent changes have been made, the opening and closing of branches has not adversely affected the accessibility of delivery systems, particularly in low- and moderate-income geographies and to low- and moderate-income individuals. Services and business hours do not vary in a way that inconveniences portions of the assessment area, particularly low- and moderate-income

geographies and individuals. The institution provides an adequate level of community development services.

Accessibility of Delivery Systems

BBA's delivery systems are reasonably accessible to essentially all portions of the institution's assessment area. The bank operates three full-service branches, including one in a middle-income census tract and two in upper-income census tracts. The bank also offers a variety of alternative delivery systems which are accessible to all customers, including an ATM at each branch and ATMs nationwide via Presto and Allpoint networks.

The branch distribution and alternative delivery systems in the assessment area are consistent with the overall bank. BBA does not operate any branches or ATMs in low- or moderate-income census tracts, comparing below demographic data. However, each of the assessment area's branches and ATMs are in close proximity to moderate-income census tracts, which supports branch accessibility to the respective communities. The following table presents the census tracts, population, branch, and ATM by census tract income level, based on 2020 U.S. Census Data.

Branch and ATM Distribution by Geography Income Level								
Tract Income Level	Census Tracts		Population		Branches		ATMs	
	#	%	#	%	#	%	#	%
Low	54	4.8	201,587	4.3	-	-	-	-
Moderate	296	26.3	1,290,737	27.8	-	-	-	-
Middle	346	30.8	1,449,462	31.2	1	33.3	1	33.3
Upper	387	34.4	1,626,882	35.0	2	66.7	2	66.7
NA	41	3.7	77,474	1.7	-	-	-	-
Total	1,124	100.0	4,646,142	100.0	3	100.0	3	100.0
<i>Source: 2020 U.S. Census Data; Bank Data</i>								

Changes in Branch Locations

To the extent changes have been made, BBA's opening and closing of branches has not adversely affected the accessibility of its delivery systems, particularly in low- and moderate-income geographies or to low- and moderate-income individuals. The bank has not opened or closed any branches in the assessment area during the evaluation period.

Reasonableness of Business Hours and Services

Services, including business hours, do not vary in a way that inconveniences portions of the assessment area, particularly low- and moderate-income geographies or individuals. Business hours and services offered are similar across the bank's entire branch network. Refer to the overall Reasonableness of Business Hours and Services section for additional details.

Community Development Services

BBA provides an adequate level of community development services. Bank representatives provided 57 community development services during the evaluation period. The number of community development services increased from the prior CRA evaluation and is comparable to the performance of similarly situated institutions. Although not innovative, the community development services demonstrated adequate responsiveness to the assessment area's community development opportunities. Of the 57 community development services, 40 or 70.2 percent resulted from financial literacy classes for children, home ownership counseling, or small business assistance workshops. Additionally, directors, officers, and employees served in leadership capacities with six organizations whose missions are consistent with the definition of community development. The following table presents the number of community development services provided during the evaluation period by year and purpose.

Community Development Services					
Activity Year	Affordable Housing	Community Services	Economic Development	Revitalize or Stabilize	Total
	#	#	#	#	#
11/29/2022-12/31/2022	-	-	-	-	-
2023	3	11	6	-	20
2024	7	16	4	-	27
1/1/2025-5/12/2025	2	6	2	-	10
Total	12	33	12	-	57
<i>Source: Bank Data</i>					

The following are examples of community development services provided during the evaluation period.

- From 2023 to 2025, a bank representative served on the Board of a non-profit small business incubator that supports economic development through training and mentoring small business owners in underserved areas of Miami-Dade and Broward Counties.
- In 2024 and 2025, a bank representative served on the Board of a non-profit affordable housing developer in the assessment area.
- From 2023 to 2025, bank representatives provided 25 instances of financial literacy education to children of low- or moderate-income families.

APPENDICES

LARGE BANK PERFORMANCE CRITERIA

Lending Test

The Lending Test evaluates the bank's record of helping to meet the credit needs of its assessment area(s) through its lending activities by considering a bank's home mortgage, small business, small farm, and community development lending. If consumer lending constitutes a substantial majority of a bank's business, the FDIC will evaluate the bank's consumer lending in one or more of the following categories: motor vehicle, credit card, other secured, and other unsecured. The bank's lending performance is evaluated pursuant to the following criteria:

- 1) The number and amount of the bank's home mortgage, small business, small farm, and consumer loans, if applicable, in the bank's assessment area;
- 2) The geographic distribution of the bank's home mortgage, small business, small farm, and consumer loans, if applicable, based on the loan location, including:
 - i. The proportion of the bank's lending in the bank's assessment area(s);
 - ii. The dispersion of lending in the bank's assessment areas(s); and
 - iii. The number and amount of loans in low-, moderate-, middle- and upper-income geographies in the bank's assessment area(s);
- 3) The distribution, particularly in the bank's assessment area(s), of the bank's home mortgage, small business, small farm, and consumer loans, if applicable, based on borrower characteristics, including the number and amount of:
 - i. Home mortgage loans low-, moderate-, middle- and upper-income individuals
 - ii. Small business and small farm loans to businesses and farms with gross annual revenues of \$1 million or less;
 - iii. Small business and small farm loans by loan amount at origination; and
 - iv. Consumer loans, if applicable, to low-, moderate-, middle- and upper-income individuals;
- 4) The bank's community development lending, including the number and amount of community development loans, and their complexity and innovativeness; and
- 5) The bank's use of innovative or flexible lending practices in a safe and sound manner to address the credit needs of low- and moderate-income individuals or geographies.

Investment Test

The Investment Test evaluates the institution's record of helping to meet the credit needs of its assessment area(s) through qualified investments that benefit its assessment area(s) or a broader statewide or regional area that includes the bank's assessment area(s). Activities considered under the Lending or Service Test may not be considered under the investment test. The bank's investment performance is evaluated pursuant to the following criteria:

- 1) The dollar amount of qualified investments;
- 2) The innovativeness or complexity of qualified investments;
- 3) The responsiveness of qualified investments to available opportunities; and
- 4) The degree to which qualified investments are not routinely provided by private investors.

Service Test

The Service Test evaluates the bank's record of helping to meet the credit needs of its assessment area(s) by analyzing both the availability and effectiveness of the bank's systems for delivering retail banking services and the extent and innovativeness of its community development services.

The bank's retail banking services are evaluated pursuant to the following criteria:

- 1) The current distribution of the bank's branches among low-, moderate-, middle-, and upper-income geographies;
- 2) In the context of its current distribution of the bank's branches, the bank's record of opening and closing branches, particularly branches located in low- or moderate-income geographies or primarily serving low- or moderate-income individuals;
- 3) The availability and effectiveness of alternative systems for delivering retail banking services (*e.g.*, RSFs, RSFs not owned or operated by or exclusively for the bank, banking by telephone or computer, loan production offices, and bank-at-work or bank-by-mail programs) in low- and moderate-income geographies and to low- and moderate-income individuals; and
- 4) The range of services provided in low-, moderate-, middle-, and upper-income geographies and the degree to which the services are tailored to meet the needs of those geographies.

The bank's community development services are evaluated pursuant to the following criteria:

- 1) The extent to which the bank provides community development services; and
- 2) The innovativeness and responsiveness of community development services.

SCOPE OF EVALUATION

Banco do Brasil Americas	
Scope of Evaluation: Full scope reviews were performed on the following assessment areas within Florida: Orlando-Kissimmee-Sanford, FL MSA assessment area Miami-Fort Lauderdale-West Palm Beach, FL MSA assessment area	
Time Period Reviewed:	11/29/2022 to 5/12/2025
Products Reviewed: Home Mortgage: 1/1/2023-12/31/2024 Small Business: 1/1/2024-12/31/2024	

GLOSSARY

Aggregate Lending: The number of loans originated and purchased by all reporting lenders in specified income categories as a percentage of the aggregate number of loans originated and purchased by all reporting lenders in the metropolitan area/assessment area.

American Community Survey (ACS): A nationwide United States Census survey that produces demographic, social, housing, and economic estimates in the form of five year estimates based on population thresholds.

Area Median Income: The median family income for the MSA, if a person or geography is located in an MSA; or the statewide nonmetropolitan median family income, if a person or geography is located outside an MSA.

Assessment Area: A geographic area delineated by the bank under the requirements of the Community Reinvestment Act.

Census Tract: A small, relatively permanent statistical subdivision of a county or equivalent entity. The primary purpose of census tracts is to provide a stable set of geographic units for the presentation of statistical data. Census tracts generally have a population size between 1,200 and 8,000 people, with an optimum size of 4,000 people. Census tract boundaries generally follow visible and identifiable features, but they may follow nonvisible legal boundaries in some instances. State and county boundaries always are census tract boundaries.

Combined Statistical Area (CSA): A combination of several adjacent metropolitan statistical areas or micropolitan statistical areas or a mix of the two, which are linked by economic ties.

Community Development: For loans, investments, and services to qualify as community development activities, their primary purpose must:

- (1) Support affordable housing for low- and moderate-income individuals;
- (2) Target community services toward low- and moderate-income individuals;
- (3) Promote economic development by financing small businesses or farms; or
- (4) Provide activities that revitalize or stabilize low- and moderate-income geographies, designated disaster areas, or distressed or underserved nonmetropolitan middle-income geographies.

Community Development Corporation (CDC): A CDC allows banks and holding companies to make equity type of investments in community development projects. Bank CDCs can develop innovative debt instruments or provide near-equity investments tailored to the development needs of the community. Bank CDCs are also tailored to their financial and marketing needs. A CDC may purchase, own, rehabilitate, construct, manage, and sell real property. Also, it may make equity or debt investments in development projects and in local businesses. The CDC activities are expected to directly benefit low- and moderate-income groups, and the investment dollars should not represent an undue risk on the banking organization.

Community Development Financial Institutions (CDFIs): CDFIs are private intermediaries (either for profit or nonprofit) with community development as their primary mission. A CDFI facilitates the flow of lending and investment capital into distressed communities and to individuals who have been unable to take advantage of the services offered by traditional financial institutions. Some basic types of CDFIs include community development banks, community development loan funds, community development credit unions, micro enterprise funds, and community development venture capital funds.

A certified CDFI must meet eligibility requirements. These requirements include the following:

- Having a primary mission of promoting community development;
- Serving an investment area or target population;
- Providing development services;
- Maintaining accountability to residents of its investment area or targeted population through representation on its governing board of directors, or by other means;
- Not constituting an agency or instrumentality of the United States, of any state or political subdivision of a state.

Community Development Loan: A loan that:

- (1) Has as its primary purpose community development; and
- (2) Except in the case of a wholesale or limited purpose bank:
 - (i) Has not been reported or collected by the bank or an affiliate for consideration in the bank's assessment area as a home mortgage, small business, small farm, or consumer loan, unless it is a multifamily dwelling loan (as described in Appendix A to Part 203 of this title); and
 - (ii) Benefits the bank's assessment area(s) or a broader statewide or regional area including the bank's assessment area(s).

Community Development Service: A service that:

- (1) Has as its primary purpose community development;
- (2) Is related to the provision of financial services; and
- (3) Has not been considered in the evaluation of the bank's retail banking services under § 345.24(d).

Consumer Loan(s): A loan(s) to one or more individuals for household, family, or other personal expenditures. A consumer loan does not include a home mortgage, small business, or small farm loan. This definition includes the following categories: motor vehicle loans, credit card loans, home equity loans, other secured consumer loans, and other unsecured consumer loans.

Core Based Statistical Area (CBSA): The county or counties or equivalent entities associated with at least one core (urbanized area or urban cluster) of at least 10,000 population, plus adjacent counties having a high degree of social and economic integration with the core as measured through commuting ties with the counties associated with the core. Metropolitan and Micropolitan Statistical Areas are the two categories of CBSAs.

Distressed Middle-Income Nonmetropolitan Geographies: A nonmetropolitan middle-income geography will be designated as distressed if it is in a county that meets one or more of the following triggers:

- (1) An unemployment rate of at least 1.5 times the national average;
- (2) A poverty rate of 20 percent or more; or
- (3) A population loss of 10 percent or more between the previous and most recent decennial census or a net migration loss of 5 percent or more over the 5-year period preceding the most recent census.

Family: Includes a householder and one or more other persons living in the same household who are related to the householder by birth, marriage, or adoption. The number of family households always equals the number of families; however, a family household may also include non-relatives living with the family. Families are classified by type as either a married-couple family or other family. Other family is further classified into “male householder” (a family with a male householder and no wife present) or “female householder” (a family with a female householder and no husband present).

FFIEC-Estimated Income Data: The Federal Financial Institutions Examination Council (FFIEC) issues annual estimates which update median family income from the metropolitan and nonmetropolitan areas. The FFIEC uses American Community Survey data and factors in information from other sources to arrive at an annual estimate that more closely reflects current economic conditions.

Full-Scope Review: A full-scope review is accomplished when examiners complete all applicable interagency examination procedures for an assessment area. Performance under applicable tests is analyzed considering performance context, quantitative factors (e.g., geographic distribution, borrower profile, and total number and dollar amount of investments), and qualitative factors (e.g., innovativeness, complexity, and responsiveness).

Geography: A census tract delineated by the United States Bureau of the Census in the most recent decennial census.

Home Mortgage Disclosure Act (HMDA): The statute that requires certain mortgage lenders that do business or have banking offices in a metropolitan statistical area to file annual summary reports of their mortgage lending activity. The reports include such data as the race, gender, and the income of applicants; the amount of loan requested; and the disposition of the application (approved, denied, and withdrawn).

Home Mortgage Loans: Includes closed-end mortgage loans or open-end line of credits as defined in the HMDA regulation that are not an excluded transaction per the HMDA regulation.

Housing Unit: Includes a house, an apartment, a mobile home, a group of rooms, or a single room that is occupied as separate living quarters.

Limited-Scope Review: A limited scope review is accomplished when examiners do not complete all applicable interagency examination procedures for an assessment area. Performance under applicable tests is often analyzed using only quantitative factors (e.g., geographic distribution, borrower profile, total number and dollar amount of investments, and branch distribution).

Low-Income: Individual income that is less than 50 percent of the area median income, or a median family income that is less than 50 percent in the case of a geography.

Low Income Housing Tax Credit: The Low-Income Housing Tax Credit Program is a housing program contained within the Internal Revenue Code of 1986, as amended. It is administered by the U.S. Department of the Treasury and the Internal Revenue Service. The U.S. Treasury Department distributes low-income housing tax credits to housing credit agencies through the Internal Revenue Service. The housing agencies allocate tax credits on a competitive basis.

Developers who acquire, rehabilitate, or construct low-income rental housing may keep their tax credits. Or, they may sell them to corporations or investor groups, who, as owners of these properties, will be able to reduce their own federal tax payments. The credit can be claimed annually for ten consecutive years. For a project to be eligible, the developer must set aside a specific percentage of units for occupancy by low-income residents. The set-aside requirement remains throughout the compliance period, usually 30 years.

Market Share: The number of loans originated and purchased by the institution as a percentage of the aggregate number of loans originated and purchased by all reporting lenders in the metropolitan area/assessment area.

Median Income: The median income divides the income distribution into two equal parts, one having incomes above the median and other having incomes below the median.

Metropolitan Division (MD): A county or group of counties within a CBSA that contain(s) an urbanized area with a population of at least 2.5 million. A MD is one or more main/secondary counties representing an employment center or centers, plus adjacent counties associated with the main/secondary county or counties through commuting ties.

Metropolitan Statistical Area (MSA): CBSA associated with at least one urbanized area having a population of at least 50,000. The MSA comprises the central county or counties or equivalent entities containing the core, plus adjacent outlying counties having a high degree of social and economic integration with the central county or counties as measured through commuting.

Micropolitan Statistical Area: CBSA associated with at least one urbanized area having a population of at least 10,000, but less than 50,000.

Middle-Income: Individual income that is at least 80 percent and less than 120 percent of the area median income, or a median family income that is at least 80 and less than 120 percent in the case of a geography.

Moderate-Income: Individual income that is at least 50 percent and less than 80 percent of the area median income, or a median family income that is at least 50 and less than 80 percent in the case of a geography.

Multi-family: Refers to a residential structure that contains five or more units.

Nonmetropolitan Area (also known as **non-MSA**): All areas outside of metropolitan areas. The definition of nonmetropolitan area is not consistent with the definition of rural areas. Urban and rural classifications cut across the other hierarchies. For example, there is generally urban and rural territory within metropolitan and nonmetropolitan areas.

Owner-Occupied Units: Includes units occupied by the owner or co-owner, even if the unit has not been fully paid for or is mortgaged.

Qualified Investment: A lawful investment, deposit, membership share, or grant that has as its primary purpose community development.

Rated Area: A rated area is a state or multistate metropolitan area. For an institution with domestic branches in only one state, the institution's CRA rating would be the state rating. If an institution maintains domestic branches in more than one state, the institution will receive a rating for each state in which those branches are located. If an institution maintains domestic branches in two or more states within a multistate metropolitan area, the institution will receive a rating for the multistate metropolitan area.

Rural Area: Territories, populations, and housing units that are not classified as urban.

Small Business Investment Company (SBIC): SBICs are privately-owned investment companies which are licensed and regulated by the Small Business Administration (SBA). SBICs provide long-term loans and/or venture capital to small firms. Because money for venture or risk investments is difficult for small firms to obtain, SBA provides assistance to SBICs to stimulate and supplement the flow of private equity and long-term loan funds to small companies. Venture capitalists participate in the SBIC program to supplement their own private capital with funds borrowed at favorable rates through SBA's guarantee of SBIC debentures. These SBIC debentures are then sold to private investors. An SBIC's success is linked to the growth and profitability of the companies that it finances. Therefore, some SBICs primarily assist businesses with significant growth potential, such as new firms in innovative industries. SBICs finance small firms by providing straight loans and/or equity-type investments. This kind of financing gives them partial ownership of those businesses and the possibility of sharing in the companies' profits as they grow and prosper.

Small Business Loan: A loan included in "loans to small businesses" as defined in the Consolidated Report of Condition and Income (Call Report). These loans have original amounts of \$1 million or less and are either secured by nonfarm nonresidential properties or are classified as commercial and industrial loans.

Small Farm Loan: A loan included in “loans to small farms” as defined in the instructions for preparation of the Consolidated Report of Condition and Income (Call Report). These loans have original amounts of \$500,000 or less and are either secured by farmland, including farm residential and other improvements, or are classified as loans to finance agricultural production and other loans to farmers.

Underserved Middle-Income Nonmetropolitan Geographies: A nonmetropolitan middle-income geography will be designated as underserved if it meets criteria for population size, density, and dispersion indicating the area’s population is sufficiently small, thin, and distant from a population center that the tract is likely to have difficulty financing the fixed costs of meeting essential community needs.

Upper-Income: Individual income that is 120 percent or more of the area median income, or a median family income that is 120 percent or more in the case of a geography.

Urban Area: All territories, populations, and housing units in urbanized areas and in places of 2,500 or more persons outside urbanized areas. More specifically, “urban” consists of territory, persons, and housing units in places of 2,500 or more persons incorporated as cities, villages, boroughs (except in Alaska and New York), and towns (except in the New England states, New York, and Wisconsin).

“Urban” excludes the rural portions of “extended cities”; census designated place of 2,500 or more persons; and other territory, incorporated or unincorporated, including in urbanized areas.

Bank

LIST OF BANK BRANCHES

As of February 27, 2026

Main Branch Office:

1221 Brickell Avenue, Suite 2200

Miami, FL 33131

Operating Hours: Monday thru Friday 9:00 a.m. to 4:00 p.m.

Census Tract #0067.13; MSA/MD Code: 33124

Opened July 31, 2017

Aventura Office:

17900 Biscayne Blvd.

Aventura, FL 33160

Operating Hours: Monday thru Friday 9:00 a.m. to 4:00 p.m.

Census Tract #0001.32; MSA/MD Code: 33124

Opened July 20, 2016

Lighthouse Point:

3450 N Federal Hwy.

Lighthouse Point, FL 33064

Intermittent Stream	*****	Nonresidential Boundary or Feature Not Elsewhere Classified	*****
Inset Area	*****		*****

Where international, state, county, and/or MCD/CCD boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries. Where American Indian reservation and American Indian tribal subdivision boundaries coincide, the map shows only the American Indian reservation boundaries. Where Oklahoma tribal statistical area boundaries and American Indian tribal subdivision boundaries coincide, the map shows only the Oklahoma tribal statistical area boundaries.

- Geographic area names are followed by either their FIPS or census code.
- 1 A " " following an MCD name denotes a false MCD. A " " following a place name indicates that a false MCD exists with the same name and FIPS code as the place; the false MCD label is not shown.
 - 2 Place label color corresponds to the place fill color.
 - 3 2018 State Legislative Districts.
 - 4 Census tracts are identified by an up to four-digit integer number and may have an optional two-digit suffix; for example 25 or 1457.02. The census tract codes consist of six digits with an implied decimal between the fourth and fifth digit corresponding to the basic census tract number, but with leading zeros, and trailing zeros for census tracts without a suffix. The tract number examples above would have codes of 002300 and 145702, respectively.
 - 5 A " " following a block number indicates that the block number is repeated elsewhere in the block.

Due to space limitations, some areas and features such as water bodies, colleges, prisons, and roads may not be labeled.

Note: This index map sheet provides the map sheet configuration in relation to the subject entity. Due to scale limitations, map content may be simplified. Refer to parent and/or inset map sheets for detailed map content.

Intermittent Stream	—[I]—		
Island Name	—[I]—		
Nonresidential Boundary or Feature Not Elsewhere Classified	—[N]—		
Inset Area	[A]	Outside Subject Area	[B]

Where international, state, county, and/or MCD/CCD boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries. Where American Indian reservation and American Indian tribal subdivision boundaries coincide, the map shows only the American Indian reservation boundaries. Where Oklahoma tribal statistical area boundaries and American Indian tribal subdivision boundaries coincide, the map shows only the Oklahoma tribal statistical area boundaries.

Geographic area names are followed by either their FIPS or census code.

1 A " " following an MCD name denotes a false MCD. A " " following a place name indicates that a false MCD exists with the same name and FIPS code as the place; the false MCD label is not shown.

2 Place label color corresponds to the place fill color.

3 2018 State Legislative Districts.

4 Census tracts are identified by an up to four-digit integer number and may have an optional two-digit suffix; for example 25 or 1457.02. The census tract codes consist of six digits with an implied decimal between the fourth and fifth digit corresponding to the basic census tract number, but with leading zeros, and trailing zeros for census tracts without a suffix. The tract number examples above would have codes of 002300 and 145702, respectively.

5 A " " following a block number indicates that the block number is repeated elsewhere in the block.

Due to space limitations, some areas and features such as water bodies, colleges, prisons, and roads may not be labeled.

All legal boundaries and names are as of January 1, 2020. The boundaries shown on this map are for Census Bureau statistical data collection and tabulation purposes only; their depiction and designation for statistical purposes does not constitute a determination of jurisdictional authority or rights of ownership or entitlement.

Summary Census Demographic Information

Tract Income Level	Upper
Underserved or Distressed Tract	No
2025 FFIEC Estimated MSA/MD/non-MSA/MD Median Family Income	\$96,200
2025 Estimated Tract Median Family Income	\$175,084
2020 Tract Median Family Income	\$133,646
Tract Median Family Income %	182.00
Tract Population	3977
Tract Minority %	16.82
Tract Minority Population	669
Owner-Occupied Units	1490
1- to 4- Family Units	2003

Census Population Information

Tract Population	3977
Tract Minority %	16.82
Number of Families	1155
Number of Households	2043
Non-Hispanic White Population	3308
Tract Minority Population	669
American Indian Population	1
Asian/Hawaiian/Pacific Islander Population	38
Black Population	48
Hispanic Population	417
Other/Two or More Races Population	165

Census Income Information

Tract Income Level	Upper
2020 MSA/MD/statewide non-MSA/MD Median Family Income	\$73,430
2025 FFIEC Estimated MSA/MD/non-MSA/MD Median Family Income	\$96,200
% below Poverty Line	5.11
Tract Median Family Income %	182.00
2020 Tract Median Family Income	\$133,646
2025 Estimated Tract Median Family Income	\$175,084
2020 Tract Median Household Income	\$81,420

Census Housing Information

Total Housing Units	2334
1- to 4- Family Units	2003
Median House Age (Years)	55
Owner-Occupied Units	1490
Renter Occupied Units	553
Owner Occupied 1- to 4- Family Units	1304
Inside Principal City?	NO
Vacant Units	291

Where international, state, county, and/or MCD/CCD boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries. Where American Indian reservation and American Indian tribal subdivision boundaries coincide, the map shows only the American Indian reservation boundaries. Where Oklahoma tribal statistical area boundaries and American Indian tribal subdivision boundaries coincide, the map shows only the Oklahoma tribal statistical area boundaries.

Geographic area names are followed by either their FIPS or census code.

1 A * following an MCD name denotes a false MCD. A * following a place name indicates that a false MCD exists with the same name and FIPS code as the place; the false MCD label is not shown.

2 Place label color corresponds to the place fill color.

3 2018 State Legislative Districts.

4 Census tracts are identified by an up to four-digit integer number and may have an optional two-digit suffix; for example 25 or 1457.02. The census tract codes consist of six digits with an implied decimal between the fourth and fifth digit corresponding to the basic census tract number, but with leading zeros, and trailing zeros for census tracts without a suffix. The tract number examples above would have codes of 002300 and 145702, respectively.

5 A * following a block number indicates that the block number is repeated elsewhere in the block.

Due to space limitations, some areas and features such as water bodies, colleges, prisons, and roads may not be labeled.

Note: This index map sheet provides the map sheet configuration in relation to the subject entity. Due to scale limitations, map content may be simplified. Refer to parent and/or inset map sheets for detailed map content.

All legal boundaries and names are as of January 1, 2020. The boundaries shown on this map are for Census Bureau statistical data collection and tabulation purposes only; their depiction and designation for statistical purposes does not constitute a determination of jurisdictional authority or rights of ownership or entitlement.

Summary Census Demographic Information

Tract Income Level	Moderate
Underserved or Distressed Tract	No
2025 FFIEC Estimated MSA/MD/non-MSA/MD Median Family Income	\$98,100
2025 Estimated Tract Median Family Income	\$68,562
2020 Tract Median Family Income	\$49,464
Tract Median Family Income %	69.89
Tract Population	4966
Tract Minority %	73.60
Tract Minority Population	3655
Owner-Occupied Units	637
1- to 4- Family Units	1142

Census Population Information

Tract Population	4966
Tract Minority %	73.60
Number of Families	767
Number of Households	1553
Non-Hispanic White Population	1311
Tract Minority Population	3655
American Indian Population	1
Asian/Hawaiian/Pacific Islander Population	176
Black Population	1946
Hispanic Population	1252
Other/Two or More Races Population	280

Census Income Information

Tract Income Level	Moderate
2020 MSA/MD/statewide non-MSA/MD Median Family Income	\$70,774
2025 FFIEC Estimated MSA/MD/non-MSA/MD Median Family Income	\$98,100
% below Poverty Line	18.48
Tract Median Family Income %	69.89
2020 Tract Median Family Income	\$49,464
2025 Estimated Tract Median Family Income	\$68,562
2020 Tract Median Household Income	\$56,593

Census Housing Information

Total Housing Units	2832
1- to 4- Family Units	1142
Median House Age (Years)	17
Owner-Occupied Units	637
Renter Occupied Units	916
Owner Occupied 1- to 4- Family Units	637
Inside Principal City?	YES
Vacant Units	1279

Inset Area	A	Outside Subject Area	—

Where international, state, county, and/or MCD/CCD boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries. Where American Indian reservation and American Indian tribal subdivision boundaries coincide, the map shows only the American Indian reservation boundaries. Where Oklahoma tribal statistical area boundaries and American Indian tribal subdivision boundaries coincide, the map shows only the Oklahoma tribal statistical area boundaries.

- Geographic area names are followed by either their FIPS or census code.
- 1 A " " following an MCD name denotes a false MCD. A " " following a place name indicates that a false MCD exists with the same name and FIPS code as the place; the false MCD label is not shown.
- 2 Place label color corresponds to the place fill color.
- 3 2018 State Legislative Districts.
- 4 Census tracts are identified by an up to four-digit integer number and may have an optional two-digit suffix; for example 25 or 1457.02. The census tract codes consist of six digits with an implied decimal between the fourth and fifth digit corresponding to the basic census tract number, but with leading zeros, and trailing zeros for census tracts without a suffix. The tract number examples above would have codes of 002300 and 145702, respectively.
- 5 A " " following a block number indicates that the block number is repeated elsewhere in the block.

Due to space limitations, some areas and features such as water bodies, colleges, prisons, and roads may not be labeled.

Note: This index map sheet provides the map sheet configuration in relation to the subject entity. Due to scale limitations, map content may be simplified. Refer to parent and/or inset map sheets for detailed map content.

LOAN TO DEPOSIT RATIOS FOR 2025

As of March 31, 2025: 65.03%

As of June 30, 2025: 67.29%

As of September 30, 2025: 69.12%

As of December 31, 2025: 70.09%

HOME MORTGAGE DISCLOSURE ACT NOTICE

The HMDA data about our residential mortgage lending are available online for review. The data show geographic distribution of loans and applications; ethnicity, race, sex, age and income of applicants and borrowers; and information about loan approvals and denials. These data are available online at the Consumer Financial Protection Bureau's Website: www.consumerfinance.gov/hmda
HMDA data for many other financial institutions are also available at this website.
